

CHESHIREDAVE CREATIVE

Headshot/portrait photo session rates

INDIVIDUALS / COUPLES / FAMILIES

The "Let's Get This Done": \$200

A 30-minute session in our east bay studio, including one finalized high-resolution digital image.² This package is great for busy execs who just need a straightforward headshot with a crisp studio background and one look.

The "Let's Hang Out a Bit": \$450

A 90-minute session in our east bay studio or on location,¹ including a \$100 product credit.³ With this package we'll spend more time with different settings and looks. We can usually accommodate three or four different wardrobe options with this amount of time. Perfect for anyone who needs to have a couple of different shots for various purposes.

The "Let's Spend Some Quality Time": \$1,000

3-hour session in our east bay studio or on location,¹ including a \$350 product credit.³ With this package, we can do an extensive range of looks and really get to show different sides of who you are. The more time we spend together, the more nuance we can bring out in your images. This is the package for someone who wants to have a lot of fun creating a memorable series of portraits.

The "Let's Do Something Unbelievably, Incredibly Amazing"

In this package, we'll help you conceive and execute the images you've been dreaming about. We will help scout locations, source materials, find wardrobe options – whatever we need to do to get the shots you want. After our initial consultation with you, we will propose a total fee for your project.

STAFF TEAMS

20+ team members: \$75/person

11–20 team members: \$100/person

4–10 team members: \$125/person

15-minute session per person on location,¹ including one finalized high-resolution digital image per person.²

ADDITIONAL SERVICES AND FEES

Makeup for individuals: \$125–150/session⁴

Makeup for staff teams: \$40–50/person⁴

A makeup artist is highly recommended for any headshot session for both women and men. You won't look "made up" but instead will have a natural, healthy look with beautifully even skin tones. You will be amazed by the difference a professional makeup artist can provide.

¹Covers locations within a 25-mile radius of Emeryville, CA. Greater distance to the location will incur an additional fee.

²Finalizing images involves fine-tuning the processing of the chosen image, correcting for color, lighting, and other details. Finalized images also include light retouching as necessary: removing blemishes and flyaway hairs if possible, whitening teeth, and other minor corrections as requested. Heavier retouching work (removing logos or tattoos, changing colors of garments, reshaping someone's appearance, etc.) will require the services of a professional retoucher for an additional fee of \$100/hour.

³Products offered include finalized high-resolution digital images (see above), high-quality prints at a wide range of sizes, and fully designed books and albums. We can also help you find other items to customize with your images and help you get them produced.

⁴Makeup artist fee varies by which makeup artist is available for your session. Some makeup artists also do light hair work. A dedicated hair stylist can be arranged separately if desired at a similar rate.
